PENCILLETES.

The Knights Templar have taken the town.

The weather and condition of the streets could not have been better, after all.

A colored normal school for the training of colored teachers is to be held at Jonesboro, opening about the 1st of July.

Jonesboro Herald and Tribune: Mr. D. P. O'Brien, of this place, has been appointed deputy United States marshal for the eastern district of Tennessee. A good appointment.

The crowds continued to pour into the city on every train yesterday, from all directions. The evening train, from the West, brought a number of delayed Knights Templar, who had missed connection for an earlier arrival.

The go-as-you-please walking match, at the Harris pavilion, to-morrow night, between Al Harris and A. R. Brown, will be the next attraction.

90c. Goods at the E. T. China House for 65 cents. Price, and see for yourselves.

Dandridge Watchman and Reporter: Mr. Geo. T. Larkin, of Morristown, who has been deputy United States marshal under Captain Evans for twelve years, was reappointed last week, by Col. Reeves.

The hotels are all jammed full and running over, and it is impossible, almost, to furnish accommodations for all who apply.

A large body of the University cadets took their departure for home on the early train yesterday morning. Quite a number remained over for the Knights Templar festivities, but the hill is about deserted.

Jonesboro Herald and Tribune: Deputy Sheriff B. S. Browning brought to this place, last Tuesday, four women and one little boy, all named Cloyd, arrested on the charge of burning G. W. Sprinkle's barn some time ago. Failing to give bond, the four women were placed in jail to await a hearing before our next circuit court. Sheriff Smart let the little boy go home, on his own recognizance.

"BURNS AND SCALDS."—If you are so unfortunate as to injure yourself in this way, we can suggest a remedy that will (we speak from experience) soon relieve you of all pain and quickly heal the wound; it costs but twenty-five cents, and is sold by all druggists—ask for Perry Davis' PAIN-KILLER.

Don't forget Harris' and Brown's go-as-you-please walking match next Saturday night.

How to Get Well.

Thousands of persons are constantly troubled with a combination of diseases. Diseased kidneys and costive bowels are their tormentors. They should know that Kidney-Wort acts on these organs at the same time, causing them to throw off the poisons that have clogged them, and so relieving the whole man. Hundreds testify to this.—Pittsburg Post.

Our New Surgeon-General.

Dr. J. Willard Hill, of our city, received yesterday his commission as surgeon-general, to which position he was appointed by Governor Hawkins, as noticed by us recently. He ranks as brigadier-general, and is a member of the governor's staff. This is a good appointment, and is an honor of high distinction, which will be worn with credit by Dr. Hill, who, though young in years, comparatively, possesses an old head in surgery and medicine, and has few superiors. We congratulate the doctor on his appointment, which was an entire surprise to him.

Comptroller Nolan.

Capt. Jas. N. Nolan, our worthy State comptroller, who arrived Tuesday night from Nashville in company with Governor Hawkins, to attend the University commencement, was shown about the city yesterday, in as far as the unfavorable weather would permit. This is his first visit to our beautiful metropolis of East Tennessee, and, as far as his observations extended, he was highly pleased, indeed we may say perfectly delighted. He made the CHRONICLE a pleasant call last night, and we find him to be a genial and agreeable gentleman, and a No. 1 business man. We hope to have more frequent visits from him. Captain Nolan left, on his return home, this morning. His attention is required to the inspection of the pending against the funding board, and his stay was thus necessarily brief.

Haynes & Henson for Low Shoes.

How to Preserve and Beautify it.

Many persons abuse this delicate and beautiful ornament by burning it with alcoholic resins and plastering it with grease, which has no affinity for the skin, and is not absorbed. BURNETT'S COCOAINE, a compound of Coconut Oil, &c., is unrivaled as a dressing for the hair—is readily absorbed, and is peculiarly adapted to its various conditions, preventing its falling off and promoting its healthy growth.

Housekeepers should insist upon obtaining BURNETT'S FLAVORING EXTRACTS, for they are the best.

Harris is the same pedestrian who made 200 miles in less than 50 consecutive hours.

Make your own ice cream cheap, and call at Butt, DePue & Co.'s, and see how cheap they will sell you a freezer.

Major O'Conner's Improvements.

In accordance with the authority granted by the city council Monday night, one of the steam fire engines has been employed for two days filling up the fish pond which has been constructed by Maj. Thomas O'Conner, on his magnificent grounds west of the city. Major O'Conner has expended a large amount of means and pains on these grounds which surround his beautiful residence, in the way of evergreens, statuary, &c., and this, added to the naturally beautiful location, renders it the most attractive and inviting place about the city, and we doubt if it can be surpassed in the State. The fish pond which he has just constructed is something new in these parts. He has erected a magnificent boat-house thereon on the very latest style of architecture. It amply repays one for a visit to this beautiful spot, and none of our visitors should miss the opportunity. Major O'Conner's boundless and princely hospitality will be brought in play on this occasion, and at no place will there be any better entertainment for our visitors and guests.

From the Hub.

There is perhaps no tonic offered to the people that possesses as much real intrinsic value as the Hop Bitters. Just at this season of the year, when the stomach needs an appetizer, or the blood needs purifying, the cheapest and best remedy is Hop Bitters. An ounce of prevention is worth a pound of cure. Don't wait until you are prostrated by a disease that may take months for you to recover in.—Boston Globe.

Woman's Wisdom.

"She insists that it is more important, that her family shall be kept in full health, than that she should have all the fashionable dresses and styles of the times. She therefore sees to it, that each member of the family is supplied with enough Hop Bitters, at the first appearance of any symptoms of ill health, to prevent a fit of sickness with its attendant expenses, care and anxiety. All women should exercise their wisdom in this way."—Hew Haven Palladium.

Cadet Farewell Hop.

The final closing scenes in connection with the career at school of the graduating class of 1881, University of Tennessee cadets, were brought to a fitting termination last night by the farewell hop given in honor of the class at the Lamar House. Although the weather was so extremely unfavorable there was assembled a large and cultured party, truly representative of Knoxville society.

The spacious and inviting double parlors were thrown open, and afforded a splendid opportunity for social intercourse and enjoyment, and in the commodious dining hall the tripping of the light fantastic was indulged in to heart's content until a late hour.
